DEDICATION

We the Senior Class of 1960 are grateful for the opportunity to dedicate this eighth edition of the LANCE to a former teacher whose outstanding personality, warm sense of humor, ready understanding, and devotion to the task has earned for her, a special position in the hearts of not only the class of 1960, but in the memories of former graduates. She is loved and respected for her competent teaching and sympathetic attitude by everyone who has studied under her. This dedication is but a humble way of saying thank you, Mrs. Hannah Beverforden.

It.

"My Day" at L. H. S. . . . May it forever be a pleasant memory.

The day of precious friendships . . . classes . . . activities . . . honors . . . victories and defeats . . . The Day of the Scarlet and Green . . . When cheers became music . . . and defeat cut deep . . . The carefree Day of joy and laughter . . . books and learning . . . Maybe we're sentimental . . . but these days . . . these years . . . will always be remembered by each of us.

The Day of Seniority . . . "Our Days" . . . new found responsibility — and humble pride . . . Joy and laughter mingled with Auld Lang Syne . . . "My Day" that quickly passed . . . a cap and gown.

Shortly after the beginning of the school year, the juniors received their class rings. In anticipation of the many expenses that the class would incur in 1959 and 1960, such money-making projects as magazine and candy sales were successfully conducted through the efforts of the class and their sponsor, Mr. Reynolds.

The freshmen, under the sponsorship of Mrs. Geiger, began their class undertakings this year with the election of Anna Lawson and Lowell Longenbaugh to the Student Council. Moving from parliamentary procedure to a more festive atmosphere, they held their class party on September 30. The party, which was financed by class dues, proved to be one of the most entertaining occasions of the year.

PHY-CHEM CLUB

The Ligonier High School Phy-Chem Club is composed of members of the physics and chemistry classes. Upon payment of his dues, each student becomes a member of the Science Clubs of America.

Each Phy-Chem member is on a committee which presents a program before the other club members. These programs deal with laws concerning physics and chemistry.

The officers of the club are as follows: Jerry Miller, president; Larry DePew, vice-president; Jean Simmons, secretary; Connie White, treasurer; and Nancy Summerville, reporter.

Each year several members of the Science Club enter the Regional Science Fair. This fair is held in Fort Wayne at the Purdue University Center.

LETTERMEN'S CLUB

This organization is composed of all high school boys who have earned a major letter in any of the following sports: basketball, cross-country, track, and baseball. The main purpose of this club is to raise funds to send the senior basketball players to the state finals held in Indianapolis. The sponsor is Charles Beck, our head coach, while the officers are: Ron Patton, president; Gay West, vice-president; and Glen Hicks, secretary-treasurer.

GIRLS' ATHLETIC ASSOCIATION

Mrs. Dragoo

The Girls' Athletic Association offers a well rounded program of sports to any high school girl. There are thirty-one girls participating this year under the leadership of Mrs. Dragoo.

They meet after school on Wednesday afternoons. In the fall they bowled and played softball, in the winter they played basketball, and in the spring they played volleyball. Initiation for new members was held in October.

Any girl liking sports would have a lot of fun in G.A.A.

FUTURE HOMEMAKERS OF AMERICA

The Ligonier F.H.A. became an honor chapter by fulfilling all of the state goals required. Marcia Bowen was elected historian of the Northeast District. The chapter goals for this year stressed the improvement of personal, family, and community living. The various activities included the preparation of a float for the Labor Day parade, and the presentation of "Life's Blueprint." Mrs. O. R. Bangs visited with the chapter and explained how it could better serve the needs of the older people of our community. An informative speech by Ruth Behnke, FARM JOURNAL foods editor, and Mary Wilder, home demonstration agent, dealt with the future in home economics. Shortly before Christmas Peter Marshall's book LET'S KEEP CHRISTMAS was presented to the chapter. We had a "Daddy Date Night" for all the girls and their fathers; a brain storm on "What Are Our Problems" proved of interest to all the girls.

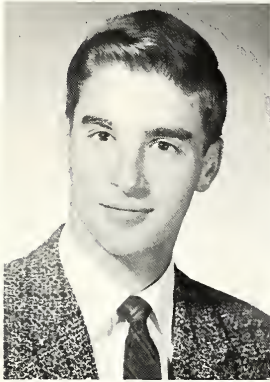

In activities outside the local area our chapter was well represented. Seven members attended the State Convention, and one, the National Convention.

FUTURE FARMERS OF AMERICA

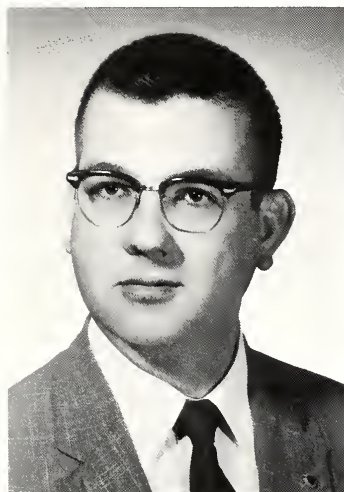

The F.F.A. is a national organization for students of vocational agriculture. It consists of local chapters chartered by state associations. The F.F.A. is designed to provide training opportunities for boys who are planning to become farmers. Each member must have either a livestock or crop project. These projects give practical experience and develop individual interest. Everyone has a voice in making the rules and regulations which govern his action. The members take a major trip each year.

This year our projects for the chapter were five acres of corn and half an acre of sorghum. Then in the spring we sold garden seeds.

While we were working on our projects, we participated in land, livestock, poultry, and dairy judging. We also organized a basketball team.

ELEMENTARY CLASS SCENES

Fourth graders salute the flag.

Fifth graders participate in a class discussion.

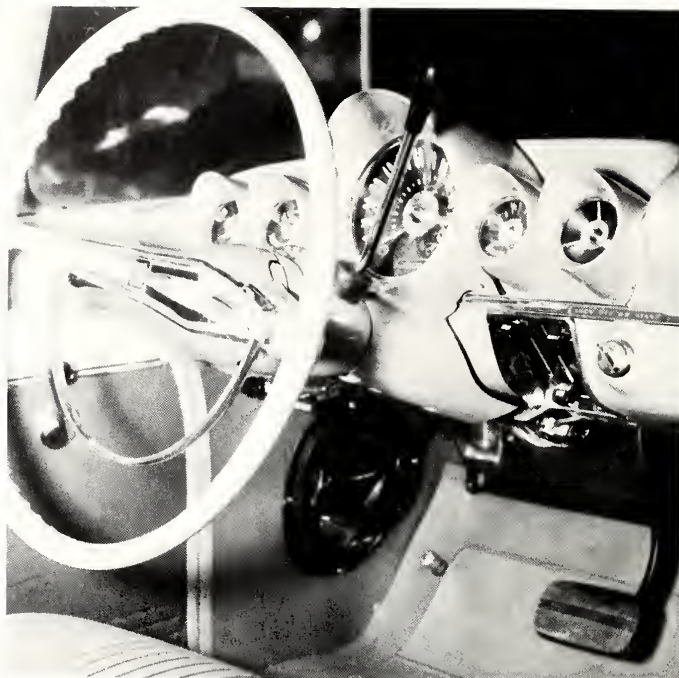

Our Day has passed, and we seniors are leaving L. H. S. for good. With our minds on many things, we pause for a last moment . . . thinking of good times and friends.

As years pass, memories will fade; yet in this book; pictures, accounts and personalities will remain forever.
